PROFESSIONAL EXPERIENCE

FIVE BELOW

Philadelphia, PA

Digital Product Manager Intern

June 2026 - Present

- Driving NPD and GtM strategy for a mobile Treasure Hunt gamification initiative, engaging over 2 million app users
 - Independently directing product ideation and strategy to augment digital consumer conversion by a projected 8%
 - Facilitating technical execution via direct cross-functional collaboration to push an estimated ~10% MAU increase

TAPYOCA MUSIC

Newark, NJ

Lead Product Marketing Manager

January 2025 - June 2026

- Spearheaded marketing campaigns to maximize retention for clients, including Grammy-nominated rapper Money B
- Allocated inventory and coordinated distribution for a comprehensive \$250,000 World Cup music activation in New York
- Augmented team velocity by 25% for a startup team of 25 by tightening project loops and resolving team fragmentation
- Entrepreneurial lead on novel subsidiary product: Creator Copilot (independent filmmaker accounting software suite)
 - Graduate of the Summer 2025 Northeastern NSF I-Corps cohort, conducting 40 customer discovery sessions

VIRTUA HEALTH

Marlton, NJ

IT Intern

May 2025 - September 2025

- Optimized the ID database by vacating 9000 invalid cells (10% of the total database) to resolve an ID creation bottleneck
- Analyzed over 1000 client tickets to identify key pain points in the Oracle ERP system, informing future IT reforms

PROJECTS

TikTok Hero Advertising Feature Proposal

June 2026

- Developed a novel TikTok “Hero” Ad display to augment CVRS and drive TikTok Shop adoption amongst small businesses
- Crafted an executive-ready pitch deck to convey strategic product alignment and potential business implications

Abercrombie & Finch Playground Collection

May 2026

- Collaboratively designed a cohesive boys clothing line to revive youth streetwear, winning A&F’s 2026 Sophomore Summit
- Engineered omni-channel marketing amongst millennial parents via physical “play-date” activations and AI outfit curation

Settlers of Catan Data Analysis

September 2025 - December 2025

- Machine Learning project analyzing statistically-optimal settlement placements in the classic Settlers of Catan board game
- Employed Logistic Regression, KNN, Random Forests, Feature Engineering, and Greedy Attribute Selection to generate insights

LEADERSHIP AND ACTIVITIES

ENTREPRENEURS SOCIETY (NEW JERSEY INSTITUTE OF TECHNOLOGY)

Newark, NJ

President

April 2025 - Present

- Primary stakeholder governing ~\$10,000 of executive funding towards the engagement of over 600 multidisciplinary students
- Executing large-scale student event organization, hosting prestigious speakers from The New York Times, AT&T, and Workday

BOY SCOUTS OF AMERICA

Marlton, NJ

Eagle Scout, Senior Patrol Leader, Troop Guide

October 2016 - October 2024

- Achieved Eagle Scout Rank by collecting 36 merit badges and 1 Eagle Palm in completion of all rank requirements
 - Directed a comprehensive final project involving the construction of a storage facility for my local Catholic church
- Headed camping trips, troop events, and mentored younger scouts through critical rank advancements as Senior Patrol Leader

SKILLS
